

Agency Temp Request Form

Overview

Please use this form to request an Agency Temp for your department.

Guidelines

- The work must be overseen by an Albert Einstein College of Medicine (“Einstein”) employee (faculty, staff).
- The duration of the entire temp period should NOT exceed 90 days.

Process

1. After you submit this form, it will go to Human Resources (HR) Talent Acquisition for review and approval.
2. Once Talent Acquisition received the request, it will need to be reviewed by Senior Leadership and the Budget Office.
3. If the request has been approved, HR will reach out to discuss a list of agencies to engage in the search to fill the department’s need. If it is deemed appropriate, HR may recommend the department hire someone from the Union Layoff List to fill the temporary need.
4. Once a temp has been identified, if applicable, the temp will be contacted by the Occupational Health Service (OHS) for medical screening. If the temp will need training through Environmental Health & Safety (EH&S), the Department Administrator will need to enroll the temp in relevant training through their office. If the temp is scheduled to work with animals, The Institute for Animal Studies should also be notified.
5. The agency temp must meet with HR on their first day to receive a memo to obtain their campus issued identification. At that time, they will also complete a confidentiality agreement.

Processing Time: Allow up to one (1) week for review, final approval and initial contact by HR, and an additional two (2) weeks if medical screening is required. HR will confirm start date once pre-employment process has been satisfactorily completed. Additionally, the Department Administrator should ensure that the necessary health and safety training is completed to ensure compliance in a timely manner.

Please Note: Temps replacing/filling in for union positions are subject to the guidelines in the Collective Bargaining Agreement. For temp assignments that extend beyond 90 days, you will be required to create an iCIMS Requisition and hire the temp as an Einstein temporary employee.

Agency Temp Request Form

DEPARTMENT DATA		
Supervisor for Agency Temp		
First Name:	Last Name:	Phone Number:
